Quiet Session Town Council Held Monday

A regular meeting of the town fathers was held in the council chambers in the Town Hall on Monday evening of this week, July 23, with Mayor Playfair, and all members of the Council present.

The meeting was devoted chiefly to matters of interest and importance to the town, and several small matters were attended to.

During the course of business, a By-Law, bringing into effect the Tax Consolidation Act of 1925 was made and passed. This act brings the 1925 Act into effect for the 1929 season.

Following this, one application for consolidation of taxes was approved.

The treasurer reported receipts for the month of June amounting to \$5,467.73, and payments amounting to \$3,315.45.

The town engineer reported that local streets had been graded and cleaned during the month, through the co-operation of local merchants and volunteer labour. The results of this work was pleasing to all motorists.

One burial was made in the cemetery during the month.

Properties of the Council in the town had been improved upon during the month, and plastering and painting had also been done.

Both the gas plant and the pumping plant had been operated during the month, and would be to be in excellent working condition.

The following accounts were presented and passed for payment for the month of June:

Visitors From Distant Points Here Saturday

While many visitors from surrounding districts were in Bassano last Saturday to take in the Stampede and Celebration, mention must be made of the visitors who were present from points a great distance from town.

Arriving in town on Friday, one of our townsmen, seeing the flags and decorations along the streets, inquired about what was happening. On being informed of the Stampede, they decided immediately to go west, and see a real western show, the like of which they had never seen before except in pictures. The party hailed from New York State, and were deeply impressed by the display they witnessed.

Another visitor from a distant point was a lady, also from New York State. Unable to wait in the city, she boarded the train, and arrived in Bassano on Saturday morning. Before departing she expressed her appreciation to friends she had made on the grounds, and claimed the show as "being something wonderful, and something to tell the folks about back home."

The Ladies' Social Credit regular monthly meeting was held in the Hall on Wednesday, June 26th, with 34 members and 4 visitors present. Owing to a funeral other visitors were unable to be present. Paper on health and education were read, and arrangements for a picnic in July were made. The speaker will be announced next week. After the meeting adjourned the three Sawyer girls and Norma Howe rendered two songs accompanied on the accordion by Miss Audrey Sawyer. Community singing then followed, and a contest which was won by R. Moss and Mrs. N. McColman. After this a lovely luncheon was served by the hostesses, Mrs. Hayes, Mrs. Riches and Mrs. Richards. Four new members were enrolled.

High Kicking Bronks Throw Majority of Riders into Dust

More than 2,000 persons witnessed the greatest Stampede and sports day held here for many years under ideal climatic conditions on Saturday of last week, July 1st. Shortly after the conclusion of the horse and platform attraction, a half-hour outburst of hail and rain sent holiday-makers shivering.

Living up to the advance advertising, the Bassano Board of Trade gave the most varied program ever seen at a local sports day.

Bronks snorted and leaped from the chutes, dancers performed on the stage, athletes demonstrated their abilities in the sports arena, while horses raced on the half mile oval track, keeping the holiday crowd thoroughly entertained.

Needless to say, complimentary comments have been "poured" on those persons who made the day such a success.

Starting festivities with that happy-go-lucky attitude, a good sized crowd was in attendance when Mrs. Trainor and her Hillbills began "twinging" off on Friday evening. The Capital booth did a fair business too as anxious townsmen began trying their luck.

The Glen Boys' Band Play Opening Number

The Glen Boys' Band, after entertaining on down town, arrived at a while, officially opened the program with the playing of "O Canada," while the large crowd on hand was in high spirits.

Platform Attraction Outstanding

The grand stand attraction, under the management and direction of Mr. Basil G. Hallett, featured the dancing troupe of Jean Gould, professional performer of Calgary, and the music of the Calgary Hillbills.

Intermittent numbers were also played by the Glen Boys' Band.

The performance this year far exceeded any former similar stage attraction, and pleased the crowd immensely.

Sean Gould and Lillian Cosmabio began their show with a few whirles of the Highland Fling. Not to be outdone by the other members of the troupe, Little Doris McLaughlin, appropriately dressed, sang and tap danced to the tune of "There's Something About a Soldier."

Stampede Events Popular When Walter Peck, General Cowboy and Arena Manager, said that this year's bunch of horses and calves would be of the real best he meant it. Not for many a year have so many riders been thrown. The bronks snorted, rolled and really pulled the boys. This year many Indians took part but didn't prove successful in reaching into the money.

An excellent crop of fruit is expected at the Provincial Horticultural Station in Brooks this year. Practically all varieties of apples, crab, plums and cherries have set especially well. Even the pears are carrying heavier loads of fruit this year than usual. If climatic conditions remain favourable throughout the season, there seems to be no doubt that the largest crop of fruit ever produced in the history of the Station will be taken off, the highest yield to date was 18 tons in 1927.

Further progress in the propagation and testing of hardy new varieties of fruit trees is under way. The aim of the Station in this respect is to select those varieties to select those varieties of fruit shrubs which will survive the rigours of our climate. It is particularly important that the roots on which the stock is grafted are hardy and this phase of the work receives special attention.

The station has been sent a large number of varieties of tomatoes, melons and other garden produce in an endeavor to ascertain their hardiness under Alberta conditions. Through a system of exchange of stock, the station also receives shrubs from other horticultural stations in Canada, the northern United States and European countries. In this way, the introduction of new plants for ornamentals and fruit production is achieved.

With the growing interest in the beautification of rural homes and the establishment of a small home orchard, the station at Brooks is bound to become a more important factor. Hundreds of visitors pass through the grounds during the summer and almost every Sunday a great group of people from points in the southern part of the province visit the grounds.

Do You Recall?

TWELVE YEARS AGO

From the Bassano Mail of July 14, 1927

It was estimated that approximately two thousand persons attended the Celebration and Sports held on July 8th. The show was rained out on July 1st, and was postponed one week.

Geo. Travis, chairman of the board of swimming pool committee of the board of Trade reported that \$1,237.24 were on hand, and was instructed to push ahead with the work of constructing the pool, at a meeting of the organization held in the Hunter Hotel.

Farmers of the Humar District sustained hail damages estimated to range from 20 to 100 per cent.

Wheat in the Bassano district measured eighteen to twenty-four inches in height, and crops were reported to be looking excellent.

A power line was being constructed to the irrigation pump east of town, and it was expected the new service would be in operation in a week.

Century Bros. Famous shows were scheduled to play in Bassano on July 15th.

LOCAL GIRL GRADUATES

Jeanne Gamble, daughter of Mr. and Mrs. H. H. Gamble of Cooness, graduated from the Deaconess Hospital, in Great Falls, Mont., with the class of '35. Forty-six students received their diplomas and pin at the commencement exercises, given in the Methodist Church, Relatives and close friends were present at the ceremony. Previous to graduation, students had been present at several banquets and entertainments.

The night following graduation, a very elaborate formal banquet was given for the graduates and their friends at the alumni of the hospital. Two hundred guests attended this affair. To add to the festivity of the affair, the ladies who had just completed studies in the Shirley Temple's picture "Susannah" appeared in the room in the same costume that they wore in the picture. The banquet was one of the most splendid ever given for any graduating class of the Deaconess Hospital. Miss Gamble will have completed her third year training the latter part of August, and

EDMONTON SUMMER FAIR ROYAL VIST EXHIBITION

Edmonton's 61st annual summer fair, July 17th to 22nd, is characterized at the Royal Vist Exhibition. The grounds and buildings will feature Royal Vist decorations; crowns, coats-of-arms, pennants by the thousands, miles of bunting, and flags, every place they can be effectively be used. On the mammoth arches erected at the C.N.R. station and the Parliament buildings, all will serve to remind participants of the historic visit to Edmonton last month of our King and Queen.

Six days of excellent running horse races, the finest may show in America, the show of a century as the night grand stand feature: fireworks Tuesday and Friday nights—a tropical show including some 40,000 specimens of insect life, some of which are gorgeous beauties, and some which would be most unpleasant and dangerous to meet if alive, exhibit buildings crammed to the doors—horse-shoe-pitching and basketball tournaments—will provide entertainment for all tastes.

In Police Court

Appearing before Police Magistrate S. H. Edwards in Local Police Court on Wednesday of this week, Jack Husband, of the Wardour district, received a preliminary hearing of his case, and was sent up for further trial. Husband was charged with stealing a calf from the Burns and Co. ranch. Ld. He was represented by J. J. O'Connor of Calgary at the preliminary hearing. T. T. Evans, solicitor of Calgary, acted on the case. Husband is free on bail pending the higher court sitting.

The Poet's Corner

I have a chest of treasures,
Tucked in a room away,
The loveliest—greatest treasures
That have ever come to stay:

I've stored this "Memory" chest! —Anon.

KNOWLEDGE

(Edgar A. Guest)

If I were as great as the greatest
I should not want to know;
These I should want to know:
A little house with its door ajar,
Ground where a rose can grow,
Intimate friendship with planet and star.

And things of the earth below,
Not all of my strength would I give to men,
Not all of my time to fame,
I should want books which my dream
I see, pen,
Books and a fire's bright flame,
And always a kiss and a welcome
When
I'd perch with fame that would count
me
Ever be swift, be strong,
Blind o' the beauty of plant and tree
And deaf to the wild bird's song
The moan of the wind and the roar
of the sea
Hurry your way along.

If I were great as the greatest are,
Still, should I want to know
A little house with its door ajar,
Books in a careless row,
Intimate friendship with creature and star.

And ground where a rose can grow.

Will write the state board examination

PICTURES AND SPORT

Combine photography with your sports or other hobbies... for studies of "form" in golf... wild-life studies if you are a hiker... and so on. Picture taking mixes well with almost any other hobby.

ONE of the fascinating features of photography, as a hobby, is that it fits in perfectly with almost any other hobby or interest. In particular, nowadays, outdoor enthusiasts are finding that picture taking harmonizes admirably with such sports as hunting, fishing, hiking, golf, and other open-air activities.

More sports enthusiasts are taking pictures because modern cameras are so light, compact, and easy to carry. Cameras taking fairly large pictures have been reduced in bulk in recent years, while many fine present-day miniature cameras are so compactly built that they can be carried in a pocket at all times.

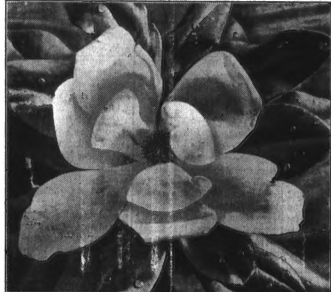

Operation has been made more convenient, too, so that picture taking is quick and easy. Therefore, the sportsman can use his camera about as he would a notebook. "Jotting down" in picture form each interesting detail of his trip or sport activity.

This is the modern way to use a camera. Instead of taking random snapshots, one here, one there, the wise picture taker tries to keep a

PICTURING FLOWERS

Beautiful flower close-ups, such as this, are easy to take if you follow a few simple rules.

"Close-ups," and make sure the distance between subject and camera is correct. Film of the panchromatic type is preferable for picturing flowers, especially if they are brightly colored. You can use either a high-speed "pan" film or a fine-grained type. The high-speed film enables you to make shorter exposures, while the fine-grained film yields enlargements of superb quality.

Exposures should be simple, rather than too short. With high-speed film, try 1/125-second shutter speed at lens opening of f16. With fine-grained film, try 1/10 second at f11, or 1/25 second at f8. For box-camera pictures, the high-speed film is preferable. Use a firm camera support, such as a box or chair, for any shutter speed longer than 1/25 second.

Generally, your camera should be placed or held at about the level of the flower. Light should come from the side, as this emphasizes the shape of the bloom. Take care that direct light rays do not strike the camera lens.

Try to build up an album of flower pictures this summer. Practice makes perfect, and with experience you can produce splendid results well worth your while.

Bassano - - - - - Alberta**BEAUDIN STOPS MEINICK IN
THIRD ROUND OF BOXING CARB**A very small crowd, considering the
occasion, gathered in the Masonic
Hall last Saturday, July 1st, to wit-
ness the boxing and wrestling car-
bonated by the Board of Trade.In the main event, Darby Meinick
of Calgary, who was substituting for
Johnny Lettice, was knocked out in
the third round, after being floored 1
time in the first and second rounds.
It is the general opinion that Beau-
din is the best performer that has ever
been seen in action in this part of the
country. He is on his way to Tor-
onto, for a Canadian championship
match with Sammy Laffington. Both
have come out fighting and after tak-
ing all that Meinick had to offer, Beau-
din proceeded to slap Meinick about
the ring and had little difficulty in
landing the knockout punch.After taking one fall from Oscar
Moskoff in twelve minutes, Don
Pellegrino ended the wrestling after
five minutes in the second, following
a terrific body slam, injuring Mos-
koff's shoulder. Following examination,
it was found that neither seri-
ous had happened. This proved to be
quite a crowd pleaser, as most of
the people present had never seen
a wrestling match, and not quite the
kicking and hawking and the faint
and the referee.Norman Ingersoll was a decided
over Syd Bailey of Gem in four rounds.
Ingersoll forced the fight all the way
till Bailey seeming to have little de-
fence. Ingersoll's left, which drove to
the mark time and again. In the fourth
round, Bailey absorbed a terrific left
and seemed dazed for a few seconds,
but recovered and finished strong.
Ingersoll failed to follow up his op-
portunity of dealing the final blow.
Young Billy Hiley and Wally Las-
kowski had a great hair from the
crowd for their exhibition. These
two youngsters showed a lot of class
during plenty of action in their three
two minute rounds. As this was an
exhibition bout, there was no decision,
but had there been, it would have
undoubtedly been a draw, as there
was little to choose between the two
young pugilists.**STRAWBERRY SOCIAL TO
BE HELD ON JULY 22nd.**The W. A. of the Anglican Church
Bassano, wish to announce that they
will hold their Strawberry Social in
the Stiller Building, next to the Re-
corder Office, on Saturday, July 22nd,
from 8 until 1 p.m. All local citi-
zens and visitors to town on that
evening are invited to attend.**EVENING SERVICE DISCONTINUED
DURING MONTH OF JULY: KNOX**The regular evening service of
song and prayer will be discontinued
at Knox Presbyterian Church, during
the month of July. At present, Mr.
Richard Main, pastor, is visiting in
western points, on his holidays. The
regular Sunday morning and Sunday
School classes will be conducted as
usual at 11 a.m.**KNOWS WHAT IT'S LIKE
TO GET STUCK ON ROADS**Ole Hansen, Crawford citizen, did
not laugh when he got stuck on the
road the early part of this week. It
took four men, and two tractors, plus
a team of horses, several hours to
pull his car out of the ditch. Ole
says he's kind of embarrassed now -
he'd just finished telling his friends
what a good driver he was.**LADIES AID REALIZE
PROFIT FROM SUPPER**Notwithstanding the heavy down-
pour of rain, the Ladies' Aid of Knox
Church Supper held July 1st in the
L.O.O.F. Hall was well attended. The
tables were prettily decorated with
flowers and everyone was happy till
the rain and hot struts. Diners and
members looked worried, and the fear
of being their prospective crops
flooded from to many faces. After
the storm, the news that not much
damage was done in the district re-
lieved the situation, and everyone
then really enjoyed the good eats.The sum of approximately sixty
dollars was taken in. The President**- O - K -****RUBBER STAMPS**

and a small percentage of the crops.
However, a repeat storm on Monday,
saw several crops battered very se-
verely, the storm being hit very strike-
ing here and there, instead of in the
usual manner of taking a wide swath
in its sweep. On the Mallois farm,
windows in the blacksmith shop were
broken from the force of the hail. In
general, damage is estimated to range
between 20 and 75 per cent. A num-
ber of those struck were reported to
be carrying hail insurance.
The hail seemed to drop off at the
gravel highway, not passing north in-
to the Makepeace district, where heavy
rains also fell.Slows in the western districts are
reported to be all full of water, for the
first time in a great number of years.
All farming operations have been
suspended for the time being, until
warmer weather comes, and the
dries sufficiently to permit work
being carried on.**WEED CONTROL**The ideal moisture conditions
which exist this year over the pro-
vince will react, both favourably and
unfavourably on the control of nox-
ious weeds. The favourably aspect
of the situation is that weed seeds
will tend to sprout in large numbers
because of the moisture conditions,
and where such weeds can be destroyed
by cultural practices, the farmer
will be rid of a potential menace.On the other hand, however, the
vigorous growth of weeds in crops
will be a draw-back and may cause
lower yields. In all cases, though
the eradication of perennial weeds
will be made more difficult under the
excellent moisture conditions which
prevailed, and effective control will
require more frequent cultivation.The "green summer fallow" meth-
od of destroying annual weeds is re-
commended. Weeds which spread
by seeds must start to grow, and then
be destroyed before they produce a
new crop of seed. When the summer
fallow is green with weeds, it is
time to cultivate, and this is repeated
as often as necessary. After every
cultivation, which should be a little
deeper than the former one, more
seeds will germinate and begin to
grow, and the plants will be killed by
the cultivation which follows.If perennial weeds, the "Black
summer fallow" method is most effec-
tive. This is really a system of
cultivation which starves the weeds.
Perennials cannot live without leav-
es, therefore repeated cultivation so
frequent that leaves are not allowed
to develop is required. This prac-
tice will eventually starve the root
and destroy it. The ideal growing
conditions which obtained this year
will cause the leaves to develop rapidly
and will necessitate more frequent
cultivation.**FORMER GEM POSTMASTER
RENEWES ACQUAINTANCES**Mr. Tom Aitken, former Postmas-
ter in Gem Colony, and a well-known
figure throughout the entire district
a number of years ago, stopped off
in Gem a couple of days this week to
renew old acquaintances. Mr. Ait-
ken was just returning from a three

water-users whose crops are damaged
by hail to report such damage to their
nearest distributor, or to the
Head Office of the District, within
24 hours after such damage occurs.
The necessary steps will be taken to

sons, returning home from the big
celebration in Bassano last Saturday
evening, or early Sunday morning,
found the going so tough on roads in
the district, that they were forced to
abandon mired cars. Heavy rains in
